Alexandria, VA 22313-1450

FEB 16 2007

Sir:

This is in response to the requests made in the Notice of Allowability. The Notice of Allowability requested that related U.S. patent applications be updated, and indicates that the title is not descriptive and has a typographical error.

Applicant notes that the above-identified application is not a continuation application, and has no related cases from which benefit is claimed pursuant to 35 U.S.C. § 120. Thus, Applicants submit that no updated status information is necessary.

Regarding the title, Applicants believe that the title is descriptive of the claimed subject matter. With regard to the typographical error, Applicants note that the title indicated in the Declaration contains the correct spelling "1-CHIP." It appears that the title may have been incorrectly entered by the USPTO. Accordingly, Applicants have marked the Notice of Allowance to show the correct spelling of 1-CHIP.

Applicants request that the USPTO records be corrected to show the title as indicated in the Declaration filed for the above-identified application and forward confirmation to the undersigned attorney as soon as possible.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. §1.16 or under 37 C.F.R. §1.17; particularly, extension of time fees.

Respectfully submitted,
